

Head of Neurology / Neurologist

An exceptional opportunity has arisen for the right individual to take on a new role to lead an established and highly regarded Neurology team.

Anderson Moores is a truly multi-disciplinary practice with over 20 recognised Specialists and established residency training programmes in internal medicine and surgery. It provides referral services across the south of England. The Neurologists are supported by a team of dedicated and experienced nurses, many of whom have advanced nursing qualifications, a physiotherapy team, and a chronic pain clinic run by one of our Boarded Anaesthetists.

We are situated in the beautiful Hampshire countryside, 10 minutes from the historic city of Winchester, within easy reach of the sea and stunning countryside. London is only 55 minutes by train.

If you are looking for an opportunity to play an active leadership role in a growing and ambitious practice please contact either Davina Anderson (Davina@andersonmoores.com) or David Walker (David@andersonmoores.com) for an informal and confidential discussion.
